

University of Michigan – School of Dentistry

Clinical Track Assistant/Associate Professor of Prosthodontics

**Department of Biologic and Materials Sciences
Division of Prosthodontics**

The University of Michigan School of Dentistry is seeking applications and nominations for a full-time, clinical track faculty position at the assistant/associate professor level in the Department of Biologic and Materials Sciences Division of Prosthodontics.

Candidates must have a DDS/DMD or equivalent degree, a certificate from a CODA-accredited post-graduate prosthodontic program and preferably be board eligible or certified in prosthodontics. A proven record of research to complement the department research objectives is desirable. Additionally, involvement in the school's faculty practice is available and encouraged. Responsibilities will focus on predoctoral didactic teaching and pre-clinical/clinical instruction. The salary and rank will be commensurate with experience and credentials.

Further information may be obtained by visiting the department website at <http://dent.umich.edu/bms>. Questions regarding the position description and responsibilities should be directed to the search committee chair, Berna Saglik, Clinical Associate Professor at bernats@umich.edu. For other questions regarding the application or search process, please contact Katrice Yarrington at kyarring@umich.edu or Deborah Keedy at dkeedy@umich.edu.

Applicants should submit curriculum vitae, statement of interest and goals, and names of five professional references via a secure website: <http://facultyrecruiting.dent.umich.edu>.

Applications will be accepted and evaluated on an on-going basis until the position is filled.

The University of Michigan is an Equal Employment Opportunity/Affirmative Action employer.
